

CONNECT: Small groups are a great way to develop authentic relationships with a common bond of understanding of what it means to know and follow Jesus

GROW: Small groups are a safe place where we can learn God's Word and ask practical questions about how it applies to our everyday lives

DISCIPLE: Small groups are designed to foster spiritual growth outside of the normal church setting and equip each other to serve the Lord. Here you will learn to become disciples and to disciple others

SERVE: Opportunities are provided for small group participants to serve, to support and to bless others, following Jesus' second Great Commandment, to Love others as ourselves
